How to Cite a Book in Noodletools

1. Open your project.
2. Click on the “Sources” Tab and click the green “Create new citation” button:

   ![NoodleTools](image1.png)

3. For “Where is it?” choose “Print or in-hand:”

   ![Where is it options](image2.png)

4. For “What is it?” choose book:

   ![What is it options](image3.png)

5. If the book has an ISBN, put it in the import space and hit search:

   ![Import ISBN](image4.png)
6. Choose the book from the list and click “Import selected source:”

7. If there isn’t an ISBN, or the ISBN doesn’t work, then you have to fill out the form.

8. Hey, Where Do I Find the ISBN?

   Place 1: The back cover:

   ![ISBN on back cover]

   Place 2: The back of the title page:

   ![Library of Congress Cataloging-in-Publication Data]

9. The following are **NOT** ISBN numbers:

   - The library barcode
   - The library call number
